**Re: Request for Confidential Treatment of Quarterly Reports of
China Unicom (Americas) Operations Ltd. for 2010**

Dear Ms. Dortch,

China Unicom (Americas) Operations Ltd. ("CUA"), pursuant to Section 0.459 of the Commission's rules, 47 C.F.R. § 0.459, requests confidential treatment of the data included in the attached international quarterly reports (the "Reports"). As further discussed below, the Reports include proprietary information regarding CUA's operations that should not be made available for public inspection.

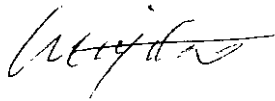

CUA submits the Reports pursuant to Section 63.10 of the Commission's rules, 47 C.F.R. § 63.10, which requires a carrier that is classified as dominant on U.S.-international routes to file quarterly reports regarding the carrier's traffic and revenue, circuit status, and procurement of certain provisioning and maintenance of basic network facilities and services. The Reports relate to CUA's provision of regulated international telecommunications services and specifically identify certain types of networks and services procured by CUA, its active circuits, and the number of messages, minutes of use, and revenue of its U.S.-International telecommunications services.

The international telecommunications market is highly competitive. The information set forth in the Reports, however, is not generally available to the public and it has not been disclosed previously to third parties. Therefore, disclosure of the data in the Reports would result in competitive harm by providing CUA's competitors sensitive information regarding CUA's business and operations. Recognizing the sensitive nature of these Reports, the Commission typically grants carriers confidential treatment of its international reports.¹

¹ See *Reporting Requirements for U.S. Providers of International Telecommunications Services*, IB Docket No. 04-112, FCC 04-70 ¶¶ 68-71 (rel. Apr. 12, 2004).

In order to prevent the unauthorized disclosure of the information set forth in the Reports, the Reports are marked as "Confidential." Public, redacted copies of the Reports will be provided to the Commission's Secretary and copy contractor. CUA requests that the data contained in the Reports remain confidential for a period of five years, after which its release should not result in competitive harm to CUA. If you have any questions regarding this confidentiality request, please contact the undersigned.

Sincerely yours,
